

Justice Endeavors

International Presentation Women - San Francisco

By Sister Pat Davis

June 2022

Our spirituality can grow and deepen in our understanding that things are made up of energy and that we influence each other. We live in a universe of infinite possibilities. We cannot lament what used to be or what is but rejoice in what can be, Women of Justice!

- Diane Smith, CSJ

Habitat Faith Saturday... The smiling faces of Sisters Virginia Espinal, Mère and Sylvia enhanced the feeling of welcome at All Faiths Build last Saturday in Diamond Heights. **Habitat for Humanity** has begun building eight new homes with the help of San Francisco churches. Our “crew” checked builders in at the site and distributed shirts as well. There may be some tasks we can help them with in the future.

Boxes of Joy... This is a program that Sister Rita heard about while attending the local National Council of Catholic Women. **Cross Catholic Outreach** organizes this national program. They send gift boxes to volunteer groups and we fill them with simple items that children would enjoy. Boxes are dropped off at a local center during the week of November 6th to the 14th and are shipped to the tragic places in the world such as Haiti or the Ukraine. More information will follow.

Computer Justice Action... Pray for the dissolution of the death penalty and check out one or more of the following websites.

UWS Conference of Bishops Death Penalty page – www.usccb.org
