

Justice Endeavors

International Presentation Women - San Francisco

By Sister Pat Davis

November 2022

You all have the possibility to build an extraordinary new world.
But you have to do it and do it fast. This is a timed test.
Once we have melted the Arctic, no one has a plan how
we freeze it back together again. So we need action fast!

- Bill McKibben

Founder of the climate advocacy group 350.org

Human Trafficking...Sister Rita Jovick attended the U.S. Catholic Sisters Against Human Trafficking. The theme was *Weaving Community, Building Capacity, Effecting Change*. She represented the Northern Catholic Sisters Against Human Trafficking. We will be sharing the outcomes of this conference and suggestions for action. Our community financially supports both of these groups annually.

International Presentation Association...On October 17th, all the Justice Contacts via Zoom celebrated together the *International Day of the Eradication of Poverty* and to connect this to the work we do on the ground and at the United Nations. The main goal of the time we spent together was to deepen our connections, our engagement with the Sustainable Development Goals: The rights, respect, protection and education of women and girls. The accompaniment of indigenous peoples as well as the on-going work around climate change. The stories shared and the issues that are being faced and labored over around the world where we serve are powerful.

The Boxes of Joy...Gratitude to all Sisters and Associates who have contributed holiday gifts for 10- to 14-year-old children living in trauma areas of the world. We will be assembling them in the next few weeks.
